Summary

Iroleh is an undergraduate of computer engineering who is passionate about always learning and improving. When he's not writing code, you'll find him playing computer games, singing, or learning something new. He also takes time to speak at conferences, local user groups, and elementary and middle schools to promote education and self-improvement.

Experience

Software Development Learning Facilitator

RAD5 Academy

Mar 2020 - Present (2 months +)

I was responsible for facilitating the acquisition of knowledge and competences by establishing a favourable learning environment, including exercising a teaching, training and guidance function.

I orientates the learners by giving guidelines, feedback and advice throughout the learning process, in addition to assisting the development of knowledge and competences.

Student Partner

Microsoft

Sep 2019 - Present (8 months +)

Microsoft Student Partners Program is a worldwide recognizable program to sponsor students majoring in disciplines related to technology. The MSP program enhances students' employability by offering training in skills not usually taught in academia, including knowledge of Microsoft technologies.

Campus Ambassador

Ingressive

Apr 2018 - Present (2 years 1 month +)

The Ingressive Campus Ambassador (ICA) program offers a unique opportunity for students in tertiary institutions in Africa to contribute to the growth and development of the African tech ecosystem.

ICA is a platform for growth and development of future CTOs, founders and CEOs, to learn from industry subject matter experts, share knowledge, network, build the community and gain from the many great opportunities attached to the program.

Our Campus Ambassadors are passionate about building an active community of tech enthusiasts - including designers and developers - and are committed to creating a positive experience for members of their community.

CTO

Aircell Agro

2018 - Present (2 years 4 months +)

An online Marketplace, that helps local farmers sell their farm products for both individual and corporate customers

Web Developer

Oluaka Institute - Heartland Incubation Hub

Mar 2018 - Sep 2018 (7 months)

An Innovation and Enterprise development Institute.

Oluaka Institute is a social enterprise and world-class center for Innovation, business incubation, Skills and enterprise development with a mission to support the development of technologies for solving social problems, the growth of small businesses and vocational Skills in partnership with private, public and social sectors.
